Jerry
 It been nice having
 you in two classes even
 though you're so quite May-
 be next year I'll have you
 for a class again. Take
 Care.
 Love
 Anna Damian

to Jerry
I hope to see
you this summer.
make me

to Jerry:
is a nice
guy I met this
year on law. Have
fun and take care.
Jill

Jerry
A cool guy live down
for a while. Hope to see
you
Happy
Summer

GOOD TIMES ROLL!

Jerry
this class has been
easy and just really
fun. The class I show
we have a photo to work
on. The year I don't
it hope next year we can
have some classes together
and it was fun the
trip were great. I had and
was gonna with
the in the whole bunch
thanks

Jerry
I had got the
year passed over it
have to take that
money hope you
good show in
Bill B

- Jerry -
To a real cool dude
that I know for a
while now. I'm sorry for
bugging you so much this
year for answers. Have fun this
summer and take it easy with
the girls.

Your Friend
Peter Munday

By Sara.
 I don't know
 if very well
 just say
 a great slimmer.

Sanger High is fortunate that our 'off campus' administrators really care about the quality of education here at SHS. Their interest is reflected through their frequent visits to the campus and their support of our curricular and co-curricular activities. SHS Student Body President Sarah Simonian became the 'first' student representative on the Board and assisted the Board and administrators in becoming familiar with our activities here on campus.

Principal John Parrott

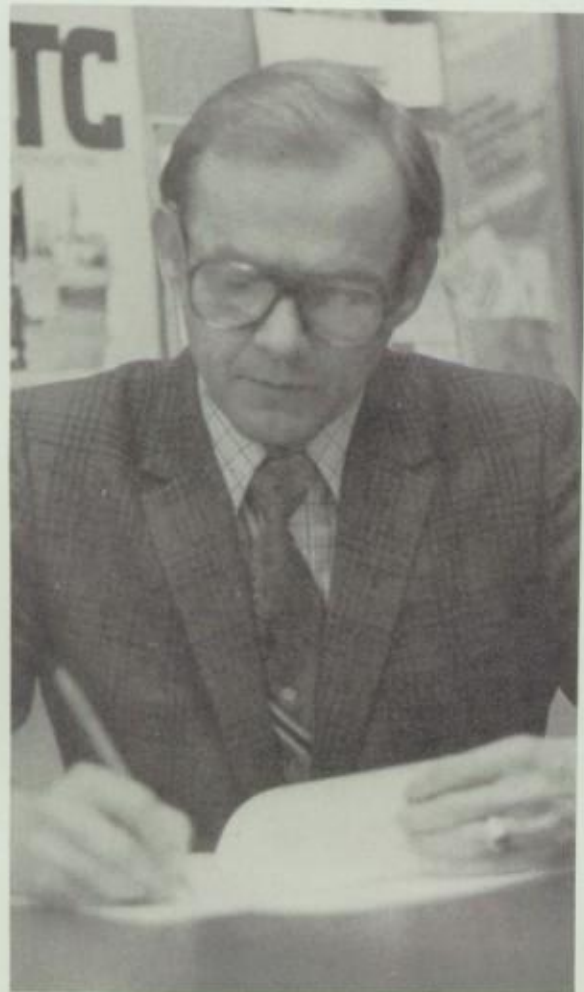

John Parrott took over the reigns of SHS this year and 'put' his mark on the campus in a short period of time. His friendliness and his positive approach to 'his' school created an atmosphere for all of us to join together for the common cause: educating each of the 1800 (+) students who made up the SHS student body. "A man who likes people" aptly describes John Parrott, a principal who succeeded in his first year of Sanger High education.

This year's Sanger High Homecoming was labeled a 'Classic Night to Remember'. It was a classic night and was preceded by a 'Classic Week'. The Sanger High Rally Commission went all out this year to make certain that HOMECOMING 1979 was an affair that would hi-light the fall Sanger High Season and welcome back to the campus our 'still thought of' alumni. Evie Villalobos was the choice of the majority of the students as our Homecoming Queen and she was the 'perfect' choice. Along with Kelly Cooper, Sarah Simonian, Socorro Mata and Yolanda Orozco, this year's Homecoming Royal court was a 'Classic' Royal Court.

"They do it with ease!" That is, the Sanger High Art Club seems to have little difficulty in picking up trophies where parades are concerned. The Art Club had 'no competition' this year in the annual parade as their float was clearly the best. All in all, this year's parade was one of the best ever and Sanger High's participation helped to make it so.

"The Gang's Back" brought the gang out to the annual Backward's Dance held in the Sanger Community Center. The traditional Li'l Abner and Daisy Mae contest was part of the festivities and this year's contest was dominated by Li'l Louis Rodriguez and Daisy Mae Anne Schmitgall. Another high light of the evening was the wedding chapel where the girls dragged their guys and married them 'just for the remainder of the dance'. All in all it was a successful event that was sponsored by the SHS Activities Club under the supervision and direction of Commissioners Sherry Hintze and Kathleen Harrigan.

The Sanger High rallies this year proved to be 'bigger and better'. We were still limited to the last few minutes of the school day, but in those few minutes, enough Sanger High enthusiasm was generated to last until the next rally. Rally Commissioner Yolanda Orozco was instrumental in making 1979-80 an outstanding 'rally' year.

SHS 1979-80 Cheer and Pep Squads

Here is where it happens. Sanger High Spirit begins at the rallies. Lysha and the cheer and pep squads are primarily responsible for raising and maintaining the noted SHS spirit. At the rallies there was a little bit of everything . . . something for everyone . . . The end result was SHS pride and spirit. This is only one of the areas of Sanger High School life where 'the end justified the means'. The intrusion of class time was well worth it.

"We've Got Spirit"

"We've got spirit" describes this year's varsity cheerleading squad who worked very hard to improve the overall spirit of the school. The six enthusiastic cheerleaders spent a great deal of time this past summer preparing for their busy year ahead. The girls attended the United Spirit Assoc. Cheerleading Camp in Santa Barbara where they were awarded a 'Superior' trophy. Mrs. Beverly Linder and Mrs. Meanana Perez advised the group throughout the year and helped make them the great squad they were. Jinger was this year's head cheerleader, and, along with Julie Antognoli, Valerie Brazeal, Cathi Herron, Heidi Hobbs and Diana Scholar supported all the varsity teams throughout the year and were outstanding in everything they did.

Apache Pep Girls

Again this year . . . competition winners

It took a great deal of hard work and effort on the part of this year's pep girls but the results were worth it as they, once again returned to Sanger with trophies including the spirit stick, which is awarded to the group who displayed the most spirit at the camp. Head pep girl Janice Chooljian, along with Nanette Snell, Shami Mosher, Laura Brown, Liz Hedman, Kristi Gee and Linda Gee took their jobs seriously and added a great deal to all the SHS athletic events and pep rallies. "A job well done" describes the activities of this year's groups.

JV and Frosh cheer squads add to SHS spirit

This year's JV and Frosh cheerleaders did an outstanding job while preparing themselves to 'make the varsity team'. Their enthusiasm was evident throughout the year and their efforts on behalf of the Braves and Frosh squads did not go unnoticed. They took their jobs seriously and their pride and poise was evident throughout the year.

A week later, the Reedley Pirates suffered a loss at the hands of the Apaches. All in all, the Apaches were a good football team and consistently turned in fine performances. Very little need be said about this year's Cross Country squad. The squad usually is good, but this year they were very good. There was no question who would win the West Yosemite League. The Apaches, with Super Stars Julian Vinton and Nacho Salinas leading the way, outran their counterparts in the WYL and took the crown. The Apache season didn't end with the WYL championship race as Vinton and company also proved that they could run with anyone as they ended the season as two of the top runners in the Valley.

Water squad finds waters rough

The water in the Apache pool was a little rough this year as the Apache water polo squad had difficulty in putting together a 'string of wins'. The squad was somewhat inexperienced and for the first time in 'history' performed without the services of Coach Jack Tiftick at the helm. Tiftick turned over the reins to Geof Case and Al Mainard, who brought a 'young' squad a long way this year. This year's squad was led by Eric Bjornsen who was outstanding both on offense and defense and rates as our SUPER STAR of water polo this year. Eric could do it all.

It's official: The JUNIORS won! This year's Powder-Puff football contest was supposed to have been a no-contest affair: The Seniors would have little trouble defeating the squad that will be Seniors next year. But, for the very FIRST time, the Juniors were able to stop the Seniors and end the contest with enough points to post the win. Junior Heidi Hobbs was declared the 'Super Star' of the contest. Her defensive play kept the Seniors under control throughout the evening.

Most Valuable

The Apache Fall Sports Banquet was just that. A banquet. Designed to honor the Sanger High athletes who participated in the traditional fall sports here on campus, the fete focused on the participants in football, volleyball, cross country, and water polo. Everything went without a hitch. Highlighting the evening was the announcement by the Apache Coaches that Harold Harris and Eric Alexander were the 'best' of a lot of very good football players. Also singled out for commendation were Coaches Roy Tanimoto and Dave Dodson, who led their chargers to WYL league titles in JV football and cross country.

Cook and Silva: Apache basketball program shows

the 'super stars' in hardcourt action

If the Sanger High Apache boys basketball squad had scored ten more points at the crucial time in four or five contests, they would have posted the 'best' record in a long time for a Sanger High squad. In other words, the Apaches lost the close ones by a point or two. The 'big' man on the Apache squad this year was Senior Forward Mike Cook who was the leading scorer and playmaker on the squad. An All WYL all star, Cook was also selected as the Super Star of the 1979-80 Apaches. Mike's counterpart on the Apache female squad was Vicki Silva, our Super Star, and one of the finest girl basketball players in the Valley.

Robert Juarez had a problem this year. He would mentally prepare for each match, only to find that many of his opponents decided to forfeit rather than to face Sanger High's outstanding wrestler. In addition to Juarez, Mike Wardell was a consistently fine performer and had little trouble in defeating most of his opponents. Coach Phillips had a young, aggressive squad this year and they gained valuable experience and should rank as one of the best in the area next year. Other Sanger wrestlers who turned in wins the majority of the time were Marco Salinas, Robby McNeill, James Mendoza and Alan Nelson.

Coach Tom Miles and his Apaches 'just about did it' this year. They went all the way to the Valley playoffs before being eliminated to end the season. Nacho Almares was named the 'super star' of the squad, but there were several players in contention. Soccer is a relatively new sport on campus but it caught on quickly. An international sport, SHS 'got in the swing of things' and soccer is emerging as one of THE sports on the campus.

Rene Gonzalez, Ronny Cruz, Eric Alexander, Mike Cook, Jeff Freeman, Steve Martin, Richard Ruiz, Steve Paul, Gilbert Franco and Coach Tom Biscotti.

Coach Biscotti fielded a balanced squad this year and the team, from the very beginning of practice, had the feeling that 'this was the year'. The squad had the experience and enthusiasm and that added up to win after win. The squad was led by Super-star Rene Gonzalez, but with the likes of Mike Cook, Richard Ruiz, Steve Martin, Tad Ballew, Ricky Ramirez, Jeff Freeman, Eric Alexander, and Derek Stephens in the lineup the wins came easily. Coach Biscotti was a coach who cared and this caring created a winning spirit. The Apaches developed a following of supporters who followed the team, not only when they played on Dayton Field but to the out of town games as well. 1980 was a very successful year for Biscotti and his 'fighting' Apaches.

Again this year the dominate swimmer on the Apache squad was Beverly Hazel. As a Soph, Beverly was our super-star and again this year repeated her feats and again was selected a 'Super-Star'. Throughout the season her times were impressive and she consistently turned in outstanding times for first place finishes. In the boys' division, Senior Tim Franze was a constant winner and his performances won him our Super-Star label. Tim, along with Eric Velasquez, Joel Dyer, Eddie Case and Tom Hernandez were effective swimmers throughout the season.

The Sanger High Apache netters had successful seasons this year and proved once again that tennis doesn't have to take a second seat to anyone as far as spring sports is concerned. The Apaches were led this year by Super-stars Lynette Bedoian and Sergio Mendoza. These two outstanding tennis players played consistently throughout the season and could always be counted on to produce the wins for the Apaches. The Braves had to go outside the campus for a coach, but found an outstanding one in Coach Wiebe who hailed from Washington Junior High. The JV program was in doubt during the early part of the season because of the lack of funds, but everything turned out successfully and the team, as a whole, did an outstanding job.

Sanger High Letter Girls ... Quality

This year's SHS Letter girls added a great deal to the band as they always performed with precision and accuracy. Their performances at parades, half-time band shows, and assemblies were always well received by their audiences. This year's group was headed by co-leaders Dee Puente and Evie Villalobos,

Mr. Norman Wiens and his Sanger High singers are continuing a tradition of excellence in the Valley as far as vocal music is concerned. The SHS Honor Choir, the concert choir and the choruses are all superior and frequently are asked to 'provide the entertainment' for various school and community functions. Mr. Wiens and his singers work hard throughout the year and each performance reflects the pride they have in who they are and what they are doing. Because of his expertise, Mr. Wiens is frequently called upon to adjudicate area festivals.

Superior Choir

It has become a Sanger High tradition: The band and choir again this year entered the annual Music festival and were 'superior' again. They won superior ratings for their performances. Mr. Bill Jaime and Mr. Norman Wiens spent hundreds of hours preparing their musicians for the festival performance. Because of their accomplishments at the festival and their many other successful ventures, it was a very successful year for the SHS band and choir.

SHS Hosts Vanessa Mutch from South Africa

After awhile . . . "A typical SHS'er"

South Africa was her home. Sanger High is her home. South Africa will again be her home, but Sanger High will be a part of her forever. Vanessa Mutch was this year's foreign exchange student and 'fit' right in. Her year here was filled with both the class and co-curricular activities. Because of her involvement, Vanessa became a part of our student council at the semester; not because she was our exchange student, but because of her involvement in the life of Sanger High. We'll miss her and it is our hope that she, too, will miss us.

Janet C. Gibbs . . . Phillip S. Pittz: Talented

Echo Editor Janet C. Gibbs

Echo

The force behind Echo, 1980 was editor Janet Gibbs, who spent most of her after-school hours and many weekends in Room S-1. The many details that go into creating a 240+ page book was handled effectively by Janet and her staff. Because of the magnitude of the job, Janet had to give up most of her other school activities (including attending classes at deadline times, but that didn't stop her from attaining straight 'a's in her classes), but 'It was worth it', she said.

Hi-Lights

Editor-in-Chief of Sanger High Journalism, Phillip Pittz, spent his senior year in Room S-1. As editor of the weekly edition of the Hi-Lights, the top photographer, the artist, and everything else, Phillip had very little time to do much of anything else, but he managed . . . including staying on top of his class work and attaining life membership in CSF. When asked if it was worth it, Phillip said, "I asked myself that about 500 times and each time the answer was no. But now that it's all over, I'll have to say yes, of course it was!"

Sanger High NJROTC ... "A Lesson in

The educational opportunities at Sanger High are all-inclusive. There is something for everyone. This page of the 1980 Echo singles out one organization that is relatively new to the curriculum but in a short period of time has attracted statewide recognition. Capt. John 'Nick' Nicholson is the Captain of the SHS NJROTC unit and under his command everything from plane rides, to military parades, to ship rides are part of the program. Throughout the area, the Sanger unit has received recognition for their assistance in frequent school, community and military functions. In addition to the military aspects of the program, the classroom work also focuses on contemporary aspects of life including in-depth coverage of current events. The favorite spot on the SHS campus during the noon-hours is not the cafeteria, but rather S-2 and the foosball tournaments. Assisting Capt. Nicholson with the program is Chief Hardy, described by Capt. Nicholson, as the man who keeps 'us all in line.'

The Sanger High Future Farmers spend a lot of their time in the 'ordinary' classes here on campus, but, in addition, focus on the agricultural classes which affords them the opportunity to learn the various aspects of agriculture, the life blood of the San Joaquin Valley. The Sanger High group, again this year, added numerous trophies to their collection as they consistently entered and won the various local, district and state competitions. President Gary Stobbe of the FFA Club was instrumental in keeping the members busy throughout the year in numerous projects ranging from their sponsorship of the donkey basketball game to their presentation of their annual FFA Week.

Sanger High Co-curricular ... Sanger High Co-curricular ... Sanger High

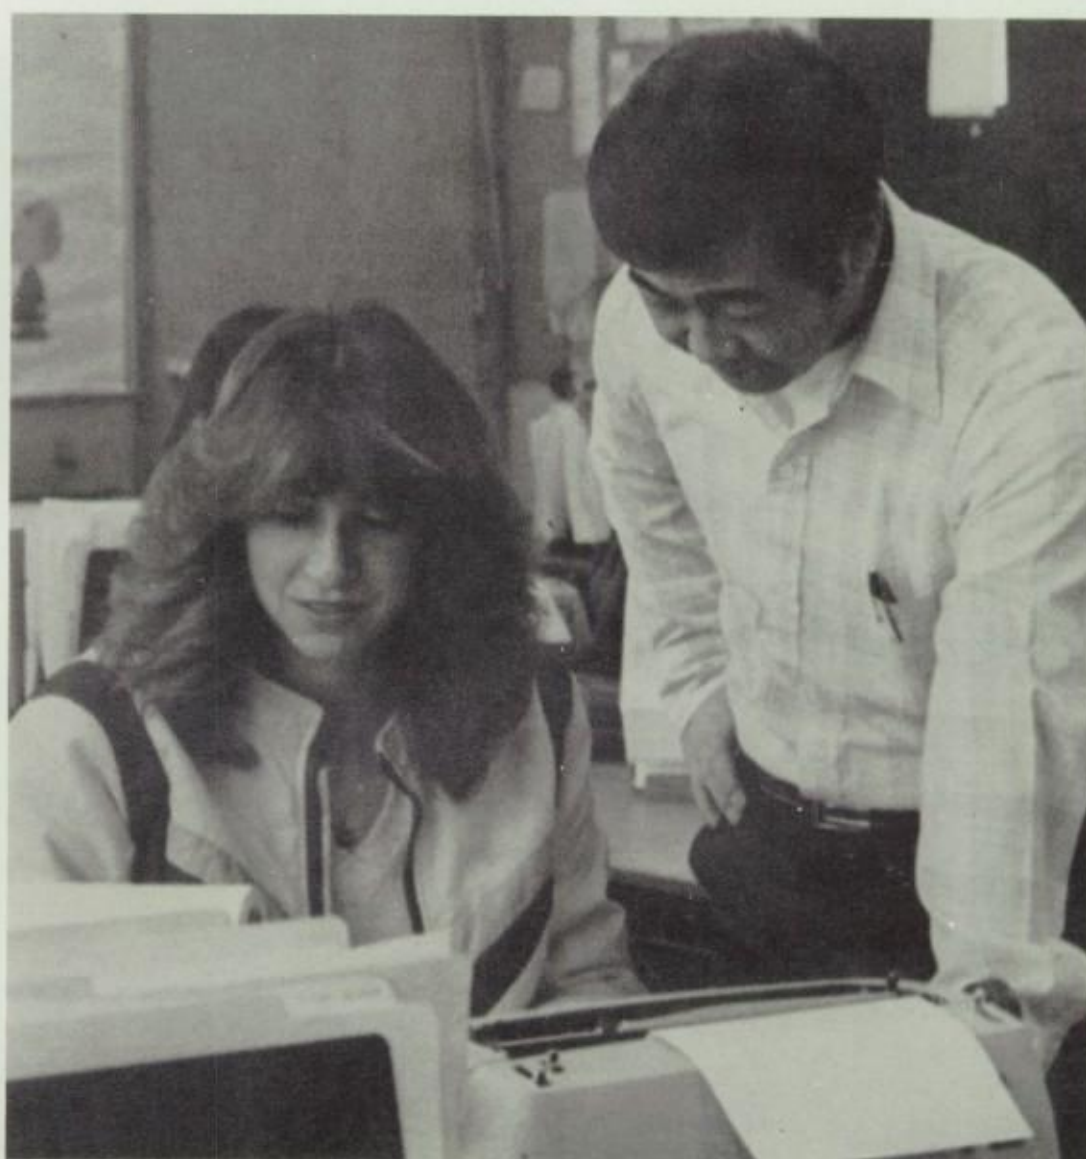

The only thing that distinguishes one school from another is the people. The 'people' of SHS helped to make Sanger High a successful educational institution. The law forces most of us to go to school, but for most of the members of the student body there was no 'force', we were here because we want to be here. The campus became alive each day around 7:00 am and things didn't quiet down until long after 5:00 pm. Athletics and other planned activities kept many of us busy long after the 3:10 dismissal bell. We had our groups. There were several places to congregate and we found them. The 'front of the school' was one of the most popular spots on campus. That's where the girls went to watch the boys; and the girls went to be seen by the boys. Even if a student had to stay after school, he, most often, wouldn't report without the usual detour to the front of the school.

This is where it's at here at Sanger High . . . The Classroom! The academics are a day-to-day activity here on campus, but it wasn't 100% all work and no play. The SHS faculty made learning fun. The classroom was not a place to dread. Obviously, it was a place to 'ditch' once in awhile, but those few minutes that were allowed for teacher-pupil interaction created an atmosphere for learning that is to be envied. The classroom scene was a fun scene and was the focal point of Sanger High.

Sanger High represents academic progression as its primary goal, but also emphasizes the social development through several activities including, but not limited to, the dances. The Dance Scene took place 'off campus, mostly in the Community Center, and was a welcome relief from the books. The 1979-80 dance scene represented something for everyone: everything from the after-game dances to the formal affairs. It was thought the Disco might have taken over this year, but it didn't. More often than not, the students opted for that 'real live music'. All in all, the dances were enjoyable and most of the members found the time to participate in at least one of the dance scenes this year.

me & jill

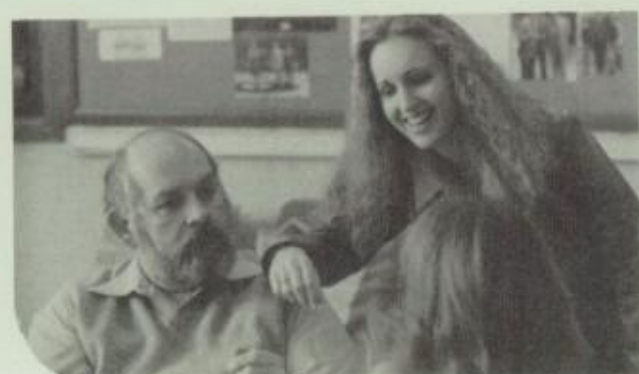

"Only the boring people complain of being bored," this is especially true here at Sanger High because if you wanted to participate there was something for you to do. The 'out-of-class' activities were numerous and varied. If the traditional 'rally' related activities were not your thing, you could take the more academic approach and participate in journalism or drama or NJROTC of MUN or a host of other activities. 1979-80 was an active year here at SHS and boredom was not a problem for the majority of Sanger High students.

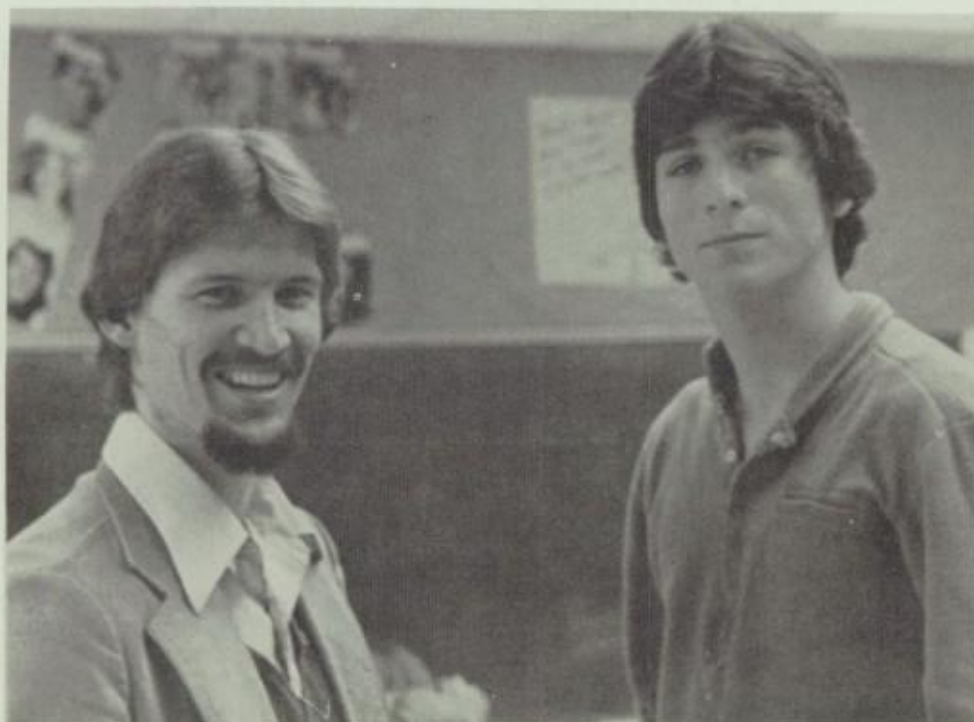

SHS teachers are people too!

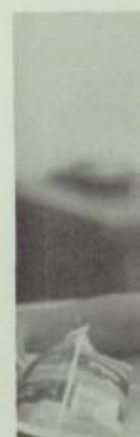

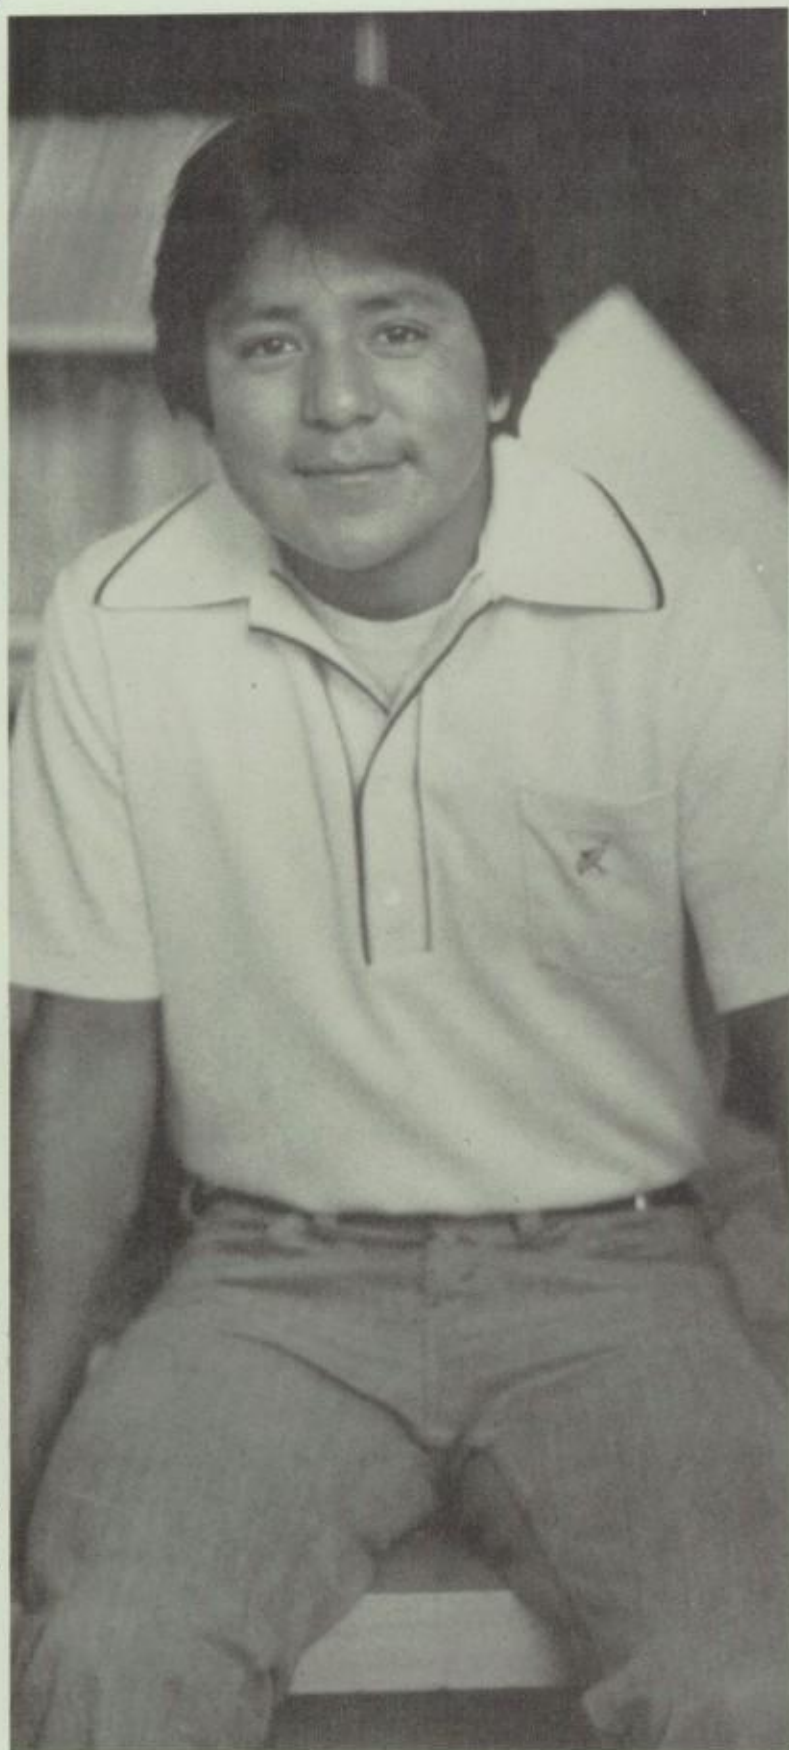

The Faculty-Student Scene

The members of the Sanger High faculty on every occasion displayed their interest in us, not just as students, but as individuals. In return we found out that they were 'people' too . . . There was not a division here at Sanger High . . . teachers on one side pitted against the students on the other side. We had a harmonious relationship with the faculty, and this made learning a much easier task.

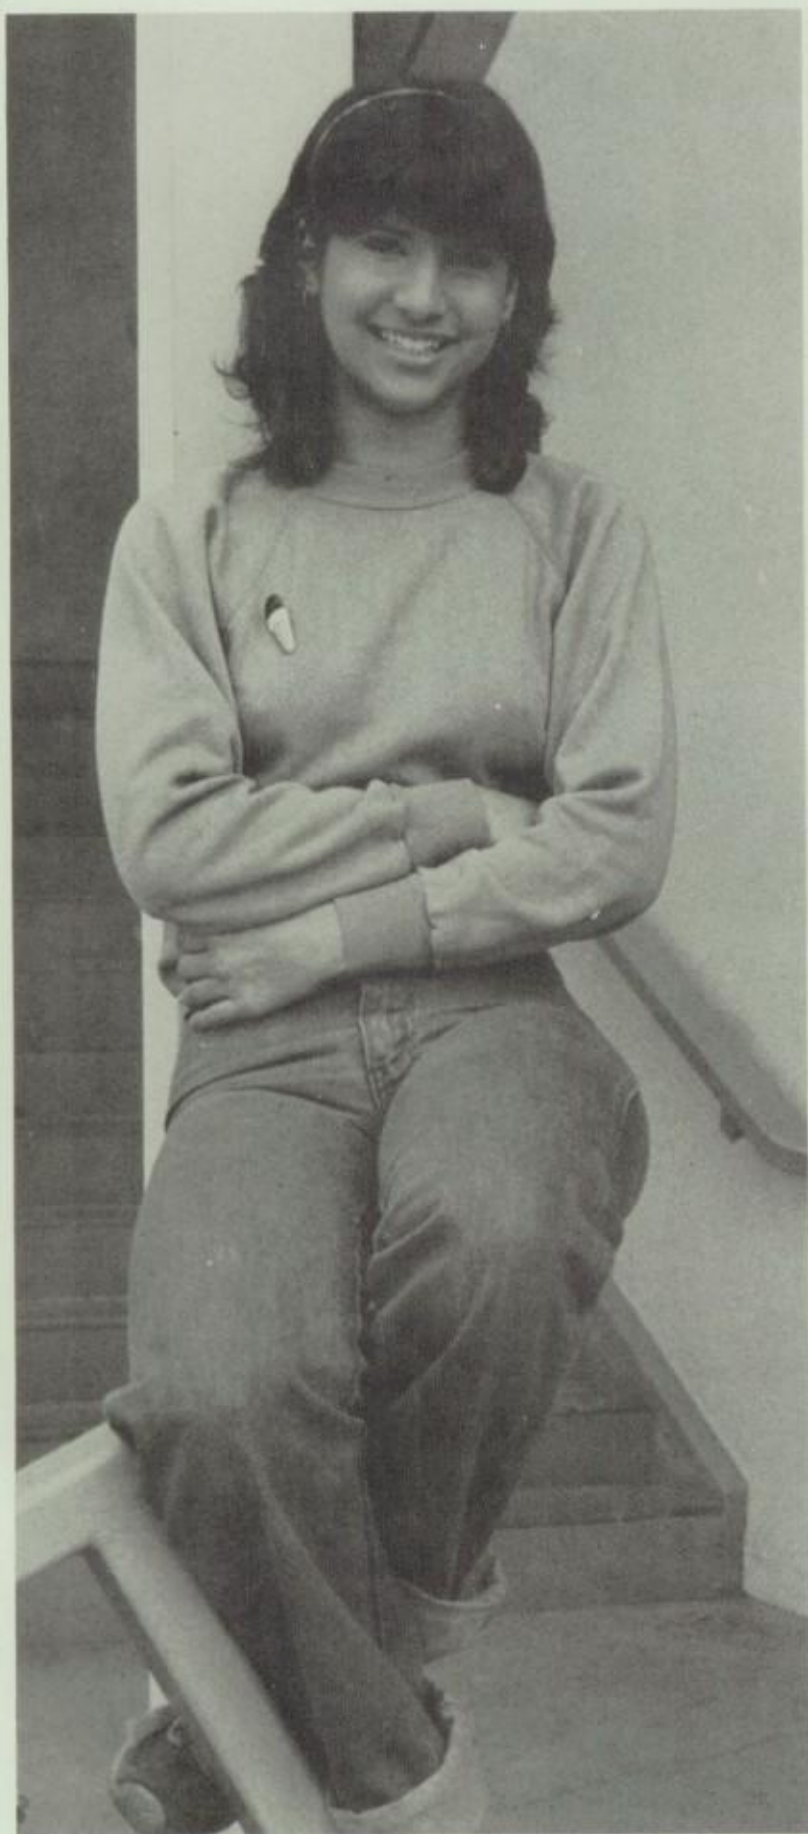

These pages reflect our smiling faces. The Sanger High faces. Caught on and off campus throughout the year. These pages not only reflect the faces of the members of the student body, but also gives us the opportunity to spotlight our Echo photographers. "We went through a lot of photographers this year!" But the job did get done and we feel that our photographers did an outstanding job. On these pages the hard work and talent of photographers Phillip Pittz, Alma Guillen, Janet Gibbs, Mike Napoli, Buddy Navarro, Craig Dadian, Gilbert Gonzalez, Craig Dye, Jayne Shapazian, Matthew Gurule, Gary Mayes, Carrie Costte and Janel Urushima can be found. The approach we take here at Sanger High is to "cover the events" and then select the photos to be used in the book. Many schools take the photos 'just for the book'. Our candid pages, especially these two and the four pages, that follow are just a few, a very few, of the candid that were taken this year. All-in-all, the Echo and Highlights photographers took more than 600 rolls of film. The amount needed to produce a 'candid' yearbook. It's your book . . . We hope you're in it.

A Few of the Faces That Make SHS

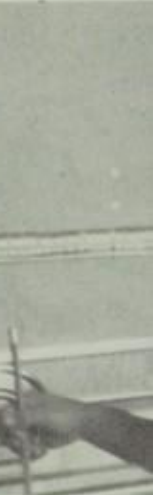

Faces, faces and more faces. These students were caught by the candid camera during the early part of the spring season. The camera 'caught' you if you allowed us to catch you. Too often . . . You turned away and informed us that you 'didn't want your photo taken' . . . then, after the books come out . . . the typical question was asked: "How come you didn't put my picture in the book?" We also often hear this phrase: "It's always the same people!" Perhaps we do cover the same people, but . . . We also feel that we have covered the students 'who do something'. A school is made up of the academic as well as the co-curricular. More often than not, the most active students were also the best academically. It's those students who found their way on to the pages of the 1980 Sanger High Echo.

Another page of students doing absolutely 'nothing' but having a little bit of fun on the Sanger High campus. The students were 'caught' everywhere ... on and off campus ... The candid camera was everywhere. More often than not the camera found its way into the classroom only to be tossed out without even one shot being taken. Can you imagine a teacher who feels that the invasion of a photographer was an un-needed interruption? We also attempted to invade the teacher's lounge for our candid of faculty and were promptly told to ... "Get that &&&& camera out of here!" All in all ... the shots got taken, the developing got done, and the finished prints are on these pages.

SHS students excel in out-of-class, out- of-school

Katrina Terzian

The Sanger High students featured on this page are only a few of the really talented people on campus. Katrina Terzian leads the list as she is already the premier junior skier in the nation, is a member of the national junior team and is being groomed for the next Olympics. Janel Urushima, Erika and Monika Sheldon and Raelene Bier are often the featured performers in the dance productions of the Dance Theatre of Fresno. Our horsewomen are Shami Mosher and Margaret Sinclair both of whom frequently win the ribbons and trophies. Chip Chapman is one of the state leaders in moto-cross and Cindy Winter is our featured ice performer. Cindy is on the way up in state and national rankings. Finally, our featured actress is Sally Monson, who frequently appears in Fresno productions and caught on film for this page is Sally as she appeared in the "Good Company Players" production of "Fiddler on the Roof."

These students personify what SHS is all

The Principal's List Many times it is possible to excel but to receive very little recognition. On this page, the valedictorians and the top ten students are being recognized and will receive additional recognition during the graduation ceremonies. But what about the other students who, semester after semester, put it all together and 'get all A's' on their report cards. In a ceremony held in the auditorium earlier this year, the students pictured here were congratulated for attaining straight 'A' for two succeeding semesters during the last academic school year. Here they are: SANGER HIGH'S SCHOLARS. They came to school for a purpose and accomplished it. By glancing at this group of individual photos, one also realizes that the majority of these students are not the 'sit-at-home-and-study-all-the-time type'. Rather, they are also the co-curricular leaders of the school.

HAVE A NICE
SUMMER TAKE CARE
OF YOURSELF. LOTS OF
LUCK. ANA GALVAN*

"I only cried once," during the course of putting out the ECHO. We always seemed to be facing deadline after deadline. Our nerves were always frazzled, tempers always short, and the time was endless, but amazingly, I only cried once. . . We had a large staff this year, and here are the people who helped out - when the going got rough.

It's tradition to say thanks to everyone who, without their help, couldn't have completed this book. I'd like to give special thanks to Alma Guillen, and thanks to Gilbert Gonzalez. Without their help, the book wouldn't have been the same. We've put in a lot of time and effort, to make the book its biggest and best yet, but of course, some will disagree. We mainly tried to make "A PEOPLE BOOK". So, most likely if you smiled at the camera, you usually got in.

I would also like to thank Mr. Donald A. Peoples, the advisor of the book, for putting so much time and effort to help

me out when I was confused. He put up with so much, I think he deserves the most thanks of all. Also, thanks to Phillip Pittz and Mathew Gurule, for a lot of their time and work that they put in.

Well, here are the 245 pages. It was full of fun, frustration, work, and play. When finally we found out that Mr. Peoples would "Hush up" when we told him to, and that his "bark" didn't hurt, I didn't have to cry anymore. In fact - everything went good, except for the deadlines.

I sure hope that you enjoyed the book as much as we did, because we really did try to make it the best possible.

Thank You,

Janet C. Dibbs

To a guy that I remember
having P.E. with in Washington
Pr. High & now I just had
you for business law. You
pretty smart in your law.
Keep on parting. Hope to see
you in the future & back
I will probably come back
here next year to check
things out. a friend

Jerry

To a very nice
friend I met in
high school. Good luck
next year, and don't go
to wild. Have a great
summer. Hope it will be
as fun as mine. (HA! HA!)

Jerry - you're a nice guy I've
known since what, 3rd or 4th grade
kind it? Seems like a long time ago!
Wash Cal. Hist. fund. HA! HA! I've
had more fun getting a root canal
without novocain! Actually it's been
real nice knowing you! And
Remember only one more year
of this school left. What a thought!
Well I hope you have a nice and
cool summer - Stay the same
nice guy that you are!

Jerry

To a cool guy
I met long time ago.
Take care n' you'll
have a cool time.
Have a good one!

Jerry-

It's been two this year

Hey Jerry,
How ya doing?
I really don't well but
ya that great knowing
it's been as much as I do. So
you work this summer? I am!
gonna work with are gonna have to
just year more classes together. I love
but to get to know you better. I love
like to have friends. Maybe I'll run into
you during the summer. See ya later.

Jerry-

To an abright guy
I've known for one long
time I ~~realize~~ ^{realize} that I haven't
been around to do any serious
messing around all year, But
you know how it is. I hope
our senior year is twice as
fun as this past year. I also
hope to have some more classes
with you next year.
(If you believe this you're not. Truly
so bright!)

Have enjoyed
having you in law
this year. Have a nice
summer & good luck next year.
Mr. M. K. K. K.

Jerry we had fun cruising Fresno
Too bad we never got to that perfect
night we've been planning. Maybe this
summer. I hope so. This summer I'm going
to have my licence. Look out Belmont.
Phone me when you want to mess around
Have fun with the girls. Stay in touch
Get Lucky!

Like I am.

Jerry
Havent seen you
much this year although
it hasnt been that hard
to see you and work stay with it
has a real fine leg for the money
just kidding, well it happens see a
good summer John Johnson.

Jerry,
I hope your squad
of girl friends dont tire
you out too much. I hope
that you can still speak
to me... you are lucky
